

To whom it may concern

**Partnership with DC Resources in Latvia market.**

Continuing more than 10 year cooperation between **Dolomitas AB** and **Group De Cloedt/DC Resources** by delivering granite aggregates and participating in many major infrastructure projects in Lithuania, we are pleased to announce next collaboration step.

To strenghten the synergy and market position in Latvia **DC Resources Baltics SIA** becomes as official representative and trading partner of **Dolomitas AB**. This will help **DC Resources Baltics SIA** to enrich product portfolio providing full package of products and services to their customers.

All commercial, technical and logistics activities in Latvian market for our products will be provided by **DC Resources Baltics SIA**, which will be fully supported by **Dolomitas AB** team.

**The public limited liability company Dolomitas** started its activities in 1964, when the first Lithuanian dolomite deposits were explored and put into operation. Today the company excavates and processes high-quality raw materials at the Petrašiūnai-2 Deposit. Dolomite stone is crushed, washed, and supplied to customers in compliance with the highest quality standards and ISO quality management system requirements. The company's products are certified not only in Lithuania but also in Latvia, Russia, and Poland according to the product certification requirements of those countries.

**Group De Cloedt** started back in the 1870's in Belgium and is today working within three areas of expertise: aggregates, dredging and environment. **DC Resources** is one of the largest manufacturers and suppliers of granite aggregates in Northern Europe, providing high quality inert building materials from production facilities in Norway. In cooperation with partners in the Baltic States, DC Resources Baltics SIA (formerly Yeoman Latvia) has been active in supplying building materials for projects in Latvia, Lithuania, Estonia and the Kaliningrad region since 1999.
